SUMMARY

Results-driven MERN Stack and Shopify Developer with hands-on experience in building responsive, scalable, and performance-optimized web applications and e-commerce platforms. Proficient in HTML5, CSS3, JavaScript (ES6+), React.js, Next.js, Node.js, Express.js, and MongoDB, with strong expertise in Shopify theme customization, dynamic section development, PDP optimization, and API integration. Passionate about creating SEO-friendly, mobile-first, and user-centric solutions while following clean coding practices and modern development standards.

TECH STACK

HTML5	CSS3	JavaScript (ES6+)	jQuery	Bootstrap	Tailwind CSS	GSAP Animations	AOS Animations	React.js
Next.js	Redux Toolkit	React Query	Node.js	Express.js	REST APIs	API Integration	JWT Authentication	
Performance Optimization	MongoDB	Shopify	Shopify Liquid	Git	GitHub	Postman		

EXPERIENCE

Lantern Digital

January 2025 – Present

Currently working as a Full-Stack MERN and Shopify Developer, functioning in a senior MERN Stack Developer capacity for over 1 year. Responsible for designing and developing scalable, performance-optimized web applications and e-commerce solutions using Shopify, React.js, Next.js, Node.js, Express.js, MongoDB, and Tailwind CSS. Actively leading Shopify theme customization, dynamic section development, PDP optimization, RESTful API-based full-stack development, UI/UX execution, performance optimization, and complete project delivery while following modern development best practices.

The Shark Media

March 2023 – January 2025

Built and maintained responsive, user-centric web applications using React.js, Tailwind CSS, Bootstrap, HTML5, CSS3, and JavaScript, with contributions to frontend development, UI implementation, and backend integration using Node.js. Collaborated with designers and team members to convert UI designs into functional components, ensuring cross-browser compatibility, mobile responsiveness, performance optimization, debugging, and overall user experience improvement.

PROJECTS

Project Management System (PMS)

2025

<https://syncup.lantern-digital.com>

Designed and developed an end-to-end Project Management System from concept to deployment, independently handling UI/UX design using Figma and full-stack development with Next.js, React.js, Node.js, Express.js, MongoDB, and Tailwind CSS. Implemented core features including user authentication, role-based access, project and task management, status tracking, CRUD operations, and RESTful APIs, ensuring a responsive, secure, scalable, and performance-optimized architecture while following clean coding and maintainability best practices.

Label Niti Bothra – Shopify E-commerce Website

2025

<https://labelnitibothra.com>

Developed a fully functional and responsive Shopify e-commerce website focused on modern UI, performance, and user experience by customizing Shopify themes and building dynamic sections using Liquid, HTML5, CSS3, and JavaScript. Implemented PDP customization, collection layouts, and optimized navigation to improve usability and conversion rates while ensuring mobile-first responsiveness, cross-browser compatibility, SEO-friendly structure, and clean, maintainable code.

<https://kabcopro.com>

Developed and delivered a complete Shopify-based E-commerce Website independently, handling the project end to end from design to deployment. Built a fully responsive, user-friendly interface with custom Shopify theme development, ensuring smooth navigation and optimized performance. Implemented product management, collections, cart, and checkout flow while maintaining clean UI/UX and scalability.

BOOKshelf – React.js Web Application

2024

<https://bookshelf-website-three.vercel.app>

Developed a fully functional and responsive React.js web application using modern JavaScript and component-based architecture, ensuring smooth performance across devices. Implemented React Router for seamless navigation along with fully working Add to Cart and Wishlist functionality. Enhanced user experience through efficient state management, React Hooks, and LocalStorage integration for persistent data handling.

Responsive Finance & Tax Website

2024

<https://avalosluna-website.vercel.app>

Developed a fully responsive and user-friendly website using HTML, CSS, jQuery, and Bootstrap, ensuring optimal performance across devices and screen sizes. Enhanced user experience by implementing advanced animations with the AOS library, creating smooth transitions and interactive elements, while demonstrating strong proficiency in modern JavaScript development.

Dynamic Responsive Website Development

2024

<https://my-website-herbcraft.vercel.app>

Designed and developed a dynamic, responsive website using HTML, CSS, Bootstrap, and Media Queries, earning 2nd place in a 2024 competition for outstanding web development. Demonstrated strong proficiency in modern web technologies and responsive design principles, supported by an HTML5 certification from Lumos.
